1. The European Teacher Group recommends to invite primarily European Teachers to YMJJ inside Europe.
2. There will be only two 100-day-Kyol Che in Europe per year:
 1. Winter Kyol Che in the Czech Republic
 2. Summer Kyol Che in Warsaw
3. European Teachers are asked to schedule their dates in a way that they can help conducting these Kyol Che. Only if the Kyol Che is safely scheduled, extended YMJJ at other centres during the period of the Kyol Che is possible.
4. Guest Teachers at Kyol Che should not change the Kyol Che schedule without agreement of the Kyol Che Guiding Teacher.
5. Guest Teachers at Kyol Che or YMJJ or as visitors should not change any rule at the host Zen Centre.
6. The discussion about the form during meal time at Kyol Che or YMJJ led to the following agreements:
 - not too fast
 - quiet
 - finish to eat what has been given or taken
 - finish together

-as an exception it is possible to put the bowl behind oneself and finish later immediately after meal time

7. It has been decided that the “Whole World is a Single Flower Conference” in 2008 will be held at Warsaw. All European Zen Centres are asked to provide substantial help in order to make this event possible. It is planned to hold the Conference in 2011 at Bodhgaya in India.
8. The EU-Homepage-Commission (Darek and Koen) is slowly progressing with its work. Chong An Sunim suggests to use the EU-domain to display a link-page which links all EU-Centres with focus on informations about retreats.
9. Business Cards can be ordered through Chong An Sunim in Hungary. One piece costs 20 Cents including 3 colors, graphics, high quality paper and posting (shipping).

Topics for the next meeting which will be held in Paris in April 2005:

- Standards for the Dharma Teacher Training
(homework for everybody)
- Establishing ethics statements
(the american version will be send to each of us through Zen Master Wu Bong)

Berlin, December 2004
